

KORARIT PRASOPRATTANACHOCK

Software Developer

Phone: 063 236 4556 | Location: Thonburi, Bangkok 10600 | Email: korarit.pr@gmail.com

Professional Summary

Motivated Software Developer with strong programming and analytical skills, and over 2 years of experience building Vue.js web applications. Adept at problem solving, debugging, and communicating across teams to deliver scalable business solutions in Agile environments.

Professional Experience

Senior Software Developer | Softvation Company Limited

March 2023 – April 2025

- **Software Development:** Designed and implemented custom web applications using Vue.js, applying strong programming skills with a focus on performance, scalability, and seamless backend integration.
- **Project Management:** Planned and prioritized complex tasks through strong analytical thinking, ensuring efficient team coordination and timely project delivery.
- **Customer Collaboration:** Gathered and clarified business requirements, reviewed and validated ATPs, and provided end-user training to ensure successful implementation and client satisfaction.

Key Projects:

- **Internal Web Portal:** Collaborated with the team to develop a centralized web-based solution that consolidated multiple legacy systems into a single unified platform. The portal manages customer contract data and includes a ticketing system, significantly improving efficiency in tracking and resolving customer issues.
- **Facility Asset and System Management:** Led a team to develop a customized web application for managing facilities, including buildings, floors, rooms, racks, and assets. The system also monitors sensor values to minimize downtime and streamline infrastructure maintenance.
- **Adaptive Network Monitoring System:** Worked with the team to develop a web-based monitoring tool integrated with Cisco switches, applying troubleshooting and problem-solving skills to detect and resolve anomalies instantly.

Software Developer | Primo World Company Limited

2022

Core Prototype Customer Loyalty Programs Website

- Collaborated with the team to design and implement a prototype website, focusing on user interface functionality for managing merchandise and shop branch details.

Internship | National Telecom Public Company Limited (NT)

2021

- Developed a web application to replace a legacy customer data system, improving usability and accessibility for internal users. Worked with the team to clarify requirements and ensure the new system aligned with user needs and business objectives.

Education

Bachelor of Engineering Program in Computer Engineering (B.Eng.)

King Mongkut's University of Technology Thonburi (KMUTT) | GPA: 3.31 (Second-Class Honors)

Capstone Project (in collaboration with NT Company)

- Led the planning, design, and development of a web application for configuring routers and switches using private blockchain technology.

Technical skill

Web Technologies: Vue.js, HTML5, CSS, SCSS, JavaScript (ES6+), Bootstrap

Version Control Technologies: Git, GitHub

Design Tools: Figma, Responsive Design

Agile Methodology: Scrum, Sprint Planning

Agile Tools: Jira, Trello, Confluence

Language

Thai (Native), **English** (Intermediate)
